Gariff undertook the design, build and high quality fit out of this large private residence in Cheshire, fusing both contemporary design with traditional timber finishes to create a wonderfully elegant living space. Specialist joinery features include an entirely round library room, super-yacht inspired master suite incorporating bespoke made emperor bed and double-height galleried dining hall with custom-designed oak & walnut panelling. The residence also contains a leisure suite with swimming pool, Jacuzzi, gym & steam room, a state-of-the-art cinema and a games room with bespoke pool table & radius bar. The unique pieces of joinery that combine to create this stylish residence were all constructed at Gariff's manufacturing facility before being installed by their specialist site team.
